Option 1: Shopify Website Basic | \$300

Template based Shopify store to include:

- Store logo or name
- Color palette set up to match logo
- Catalogs created (categories of products you sell - gift, home, personal care etc..)
- 3-4 Products added - written instructions included so you can add your own products
- Set up Facebook and Instagram Sales Channels

Option 2: Shopify Website Complete | \$1000 (up to 40 products) - can be divided into payments

Template based Shopify store to include:

- Store logo or name
- Color palette set up to match logo
- All Catalogs and Products with Variables added - all product images and info to be supplied by store. (excel sheet will be provided for you to fill out)
- Set up Facebook and Instagram Sales Channels

Add Ons: Custom Domain | \$15

Create custom domain for your store (website will appear as storename.com instead of storename.myshopify.com.) Domain will need to be purchased.

Shopify is FREE for the first 90 days. You will be billed by Shopify for \$29/mo. after the trial period.
